

REPORT FIGURES

TABLE 2. 1: LIST OF REPORT FIGURES	
Figure Number	Title
<b>Section 1 Figures</b>	
1.1.1	Location Plan
1.1.2	Study Area
1.4.1	Regional Strategic Transport Network
<b>Section 2 Figures</b>	
2.1.1	Existing Road Network
2.1.2	Existing Structures Location Plan
2.1.3	Existing Solid and Drift Geology
2.1.4	Historic Ground Conditions
2.1.5	Strategic Flood Mapping – Historic Flooding
2.1.6	Strategic Flood Mapping – Rivers and Surface Water Floodplain (Present Day)
2.1.7	Strategic Flood Mapping – Coastal Floodplain (Present Day)
2.1.8	Existing Land Ownership
<b>Section 6 Figures</b>	
6.2.1	Air Quality – Receptor Locations
6.2.2	Air Quality – Future Do-Minimum Predicted Annual Mean NO <sub>2</sub> Concentrations
6.2.3	Air Quality – Change in Predicted Annual Mean NO <sub>2</sub> Receptor Concentrations with Implementation of Option A
6.2.4	Air Quality – Change in Predicted Annual Mean NO <sub>2</sub> Receptor Concentrations with Implementation of Option B

TABLE 2. 1: LIST OF REPORT FIGURES	
Figure Number	Title
6.2.5	Air Quality – Change in Predicted Annual Mean NO <sub>2</sub> Receptor Concentrations with Implementation of Option C
6.2.6	Air Quality – Change in Predicted Annual Mean NO <sub>2</sub> Receptor Concentrations with Implementation of Option D
6.3.1	Cultural Heritage – Location of Cultural Heritage Assets (Archaeological Remains, Historic Landscape and Historic Buildings)
6.4.1	Ecology & Nature – Conservation Designated Ecological Sites
6.4.2	Ecology & Nature – Conservation Phase 1 Habitat Survey
6.4.3A	Ecology & Nature – Conservation Bat Survey (Sheet 1 of 2)
6.4.3B	Ecology & Nature – Conservation Bat Survey (Sheet 2 of 2)
6.5.1	Landscape Effects – Cityscape Character Plan
6.5.2	Landscape Effects – Cityscape Character Plan Option A
6.5.3	Landscape Effects – Cityscape Character Plan Option B
6.5.4	Landscape Effects – Cityscape Character Plan Option C
6.5.5	Landscape Effects – Cityscape Character Plan Option D
6.5.6	Landscape Effects – Location of Key Sites & Landmarks
6.6.1	Land Use – Potential Demolition and Land Loss
6.6.2	Land Use – Directly Affected Planning Applications
6.6.3	Land Use – Land Use Designations
6.7.1	Noise & Vibration – Study Area Showing Residential and Non-Residential Buildings
6.7.2	Noise & Vibration – Calculated Noise Level Difference Contours (2034 Do-Minimum minus 2020 Do-Minimum)

TABLE 2. 1: LIST OF REPORT FIGURES	
Figure Number	Title
6.7.3	Noise & Vibration – Calculated Noise Level Difference Contours (Option A: 2020 Do-Something minus 2020 Do-Minimum)
6.7.4	Noise & Vibration – Calculated Noise Level Difference Contours (Option B: 2020 Do-Something minus 2020 Do-Minimum)
6.7.5	Noise & Vibration – Calculated Noise Level Difference Contours (Option C: 2020 Do-Something minus 2020 Do-Minimum)
6.7.6	Noise & Vibration – Calculated Noise Level Difference Contours (Option D: 2020 Do-Something minus 2020 Do-Minimum)
6.7.7	Noise & Vibration – Calculated Noise Level Difference Contours (Option A: 2034 Do-Something minus 2020 Do-Minimum)
6.7.8	Noise & Vibration – Calculated Noise Level Difference Contours (Option B: 2034 Do-Something minus 2020 Do-Minimum)
6.7.9	Noise & Vibration – Calculated Noise Level Difference Contours (Option C: 2034 Do-Something minus 2020 Do-Minimum)
6.7.10	Noise & Vibration – Calculated Noise Level Difference Contours (Option D: 2034 Do-Something minus 2020 Do-Minimum)
6.8.1	Pedestrians, Cyclists, Equestrian & Community Effects – Community Facilities
6.8.2	Pedestrians, Cyclists, Equestrian & Community Effects – Existing Footway and Crossing Locations
6.9.1	Vehicle Travellers – Driver Stress Assessment Baseline Network 2010
6.9.2	Vehicle Travellers – Driver Stress Assessment Do-Minimum Network 2034
6.9.3	Vehicle Travellers – Driver Stress Assessment Do-Something Network Option A 2034
6.9.4	Vehicle Travellers – Driver Stress Assessment Do-Something Network Option B 2034
6.9.5	Vehicle Travellers – Driver Stress Assessment Do-Something Network Option C 2034
6.9.6	Vehicle Travellers – Driver Stress Assessment Do-Something Network Option D 2034
6.10.1	Road Drainage & the Water Environment – Watercourses
6.10.2	Road Drainage & the Water Environment – Status of Surface Waters in the Lagan LMA

TABLE 2. 1: LIST OF REPORT FIGURES	
Figure Number	Title
6.10.3	Road Drainage & the Water Environment – Hydrogeology
6.10.4	Road Drainage & the Water Environment – Groundwater Vulnerability
6.10.5	Road Drainage & the Water Environment – Flooding
6.11.1	Geology and Soils – Potentially Contaminated Land
6.11.2	Geology and Soils – Drift Geology
<b>Section 7 Figures</b>	
7.1.1	General Location Plan
7.1.2	Key Location Plan
7.2.1	Existing Lane Configurations
7.3.1	Manual Classified Count Locations – April 2010
7.3.2A	Manual Classified Counts – April 2010 Observed 2-Way 12-Hour Link Flows
7.3.2B	Manual Classified Counts – April 2010 Observed 2-Way 12-Hour Link Flows
7.3.3A	Manual Classified Counts – April 2010 Observed AM Peak Hour Traffic Flows (08:00-09:00)
7.3.3B	Manual Classified Counts – April 2010 Observed AM Peak Hour Traffic Flows (08:00-09:00)
7.3.4A	Manual Classified Counts – April 2010 Observed PM Peak Hour Traffic Flows (16:30-17:30)
7.3.4B	Manual Classified Counts – April 2010 Observed PM Peak Hour Traffic Flows (16:30-17:30)
7.3.6	Pedestrian and Cyclist Count Locations – April 2010
7.3.10	Permanent Automatic Traffic Counter Locations

TABLE 2. 1: LIST OF REPORT FIGURES	
Figure Number	Title
7.3.11A	Journey Time Survey Routes – April 2010
7.3.11B	Journey Time Survey Routes – April 2010
7.3.12A	Journey Time Survey – April 2010 Average Speeds (mph) – Full Day
7.3.12B	Journey Time Survey – April 2010 Average Speeds (mph) – Full Day (Red Route)
7.3.12C	Journey Time Survey – April 2010 Average Speeds (mph) – Full Day (Blue Route)
7.5.1	Indicative Study Corridor
7.5.2	Do-Minimum Network 3-Dimensional Computer Model Screenshots
7.5.3	Do-Minimum Network COBA Link and Node Diagram
7.5.4	Do-Something Network – Option A
7.5.5	Do-Something Network – Option A 3-Dimensional Computer Model Screenshots
7.5.6	Do-Something Network – Option A COBA Link and Node Diagram
7.5.7	Do-Something Network – Option B
7.5.8	Do-Something Network – Option B 3-Dimensional Computer Model Screenshots
7.5.9	Do-Something Network – Option B COBA Link and Node Diagram
7.5.10	Do-Something Network – Option C
7.5.11	Do-Something Network – Option C 3-Dimensional Computer Model Screenshots
7.5.12	Do-Something Network – Option C COBA Link and Node Diagram

TABLE 2. 1: LIST OF REPORT FIGURES	
Figure Number	Title
7.5.13	Do-Something Network – Option D
7.5.14	Do-Something Network – Option D 3-Dimensional Computer Model Screenshots
7.5.15	Do-Something Network – Option D COBA Link and Node Diagram
7.6.1	Do-Something Network – Option A
7.6.2	Do-Something Network – Option B
7.6.3	Do-Something Network – Option C
7.6.4	Do-Something Network – Option D
7.6.5	COBA Do-Minimum Network 2010 24-Hour Traffic Flows
7.6.6	COBA Do-Minimum Network 2020 24-Hour Traffic Flows
7.6.7	COBA Do-Something Network – Option A 2020 24-Hour Traffic Flows
7.6.8	COBA Do-Something Network – Option B 2020 24-Hour Traffic Flows
7.6.9	COBA Do-Something Network – Option C 2020 24-Hour Traffic Flows
7.6.10	COBA Do-Something Network – Option D 2020 24-Hour Traffic Flows
7.6.11	COBA Do-Minimum Network Overcapacity Links and Junctions
7.6.12	COBA Do-Something Network – Option A Overcapacity Links and Junctions
7.6.13	COBA Do-Something Network – Option B Overcapacity Links and Junctions
7.6.14	COBA Do-Something Network – Option C Overcapacity Links and Junctions

TABLE 2. 1: LIST OF REPORT FIGURES	
Figure Number	Title
7.6.15	COBA Do-Something Network – Option D Overcapacity Links and Junctions
