Dear Sir/Madam,

I write to support the upgrading of the Nelson Street/M2/M2/Westlink traffic system.

This major investment in the infrastructure of the city is long over due and will be welcomed by the vast majority of the travelling public.

Belfast has lagged behind for many years in good traffic management systems and this new project would not only help commuters on a daily basis but would be good for trade, industry and investment.

The sooner the DOE get the go ahead for these works the better!!

Yours,

William Mateer
